

Reel 1, part 1.

Bulletins of ARCC dated from 1932 to 1944.

Fair.

Information covers:

- Names of people connected with industry.
- Overall production figures of production of main industries.
- Soviet imports and exports of materials of interest to D/I
- Names of scientific research institutes having industrial interests. Addresses.

Information is sketchy and scattered.

Reel 2, part 3.

Card index on industries, kept by ARCC in New York.

Good.

Period covered - 1935 - 1948.

Information includes some names and addresses of industrialists, many plant names and addresses, some products, many names and addresses of ~~technical~~ technical, industrial schools.

Reel 3.

Same as Reel 2, part 3 described above.

Good.

Much of this is in Russian. Includes brief statements in Russian, probably descriptive of the plants.

Reel 4, part 1.

Card index on universities and colleges. Includes many technical schools.

Reel is adequately described in index of OCD Special Resources Series No. 1.

Reels 5 - 8 are all in Russian.
